NOTE—White Transparent Currant has taken First Prize eleven times in the past 14 years for best white currant at Annual Exhibitions of Massachusetts Horticultural Society.

CURRANT CUTTINGS.

We do not buy Currant Cuttings either to plant or sell again but we offer them, 6 in. to 8 in. long, from our own stock and believe every cutting to be true to name. These cuttings are from blocks of plants which are devoted exclusively to growing wood for cuttings and average double the size and are double the value of cuttings taken from fruiting plants. Prices on application.

BLACKBERRIES.

Our **Stock of Grape Vines is Largest in the World.** Our facilities and conveniences for storing, packing and shipping are not equalled by any other firm.

Our responsibility ceases on delivery of goods at railroad or express office.

Our vines are warranted true to name, and of grades represented.

Should any stock not prove true to name, we will either refund the purchase money of same, or replace the stock with stock true to name free, but are not liable for further damages, and while we are exercising great care to prevent mixtures, the above is to be a condition on which all stock is delivered.

All packing will be done neatly and with strict regard to the interest of the customer. Should any error occur, claim must be made immediately on receipt of goods by customer.

Purchasers will please give shipping directions always. In case no such directions are sent with orders, we will use our best judgment in the matter.

TERMS CASH.—Bankable notes for 30 to 60 days will be accepted from customers of satisfactory record or bank reference.

Spring accounts are due before June 1st, when we draw at sight for any amounts due. Interest charged on all bills overdue.

All express or freight charges on goods or money must be paid by the customer. If goods are shipped C. O. D., usually one-fourth the amount of the bill must be sent with order.

We will send samples of vines at 100 rates with 6 cents postage on three one year vines, and 9 cents postage on three two year vines. We cannot do justice in samples unless we send three of each kind and grade wanted.

One year No. 2 vines, two-thirds the rate of No. 1. Two years No. 1½ vines, half-way between prices of two-years No. 1 and one-year No. 1. Three-years No. 1, one-half additional to price of two-years. We reserve the right unless otherwise directed, to fill orders for one-year stock with two-year stock of same size. Also orders for two-year stock with one-year stock, of size ordered.

We commence Spring packing March 1st. No charge for boxing or packing.

KIND WORDS.

From Chase Brothers Company, the largest nursery retailers in the world. Rochester, N.Y., Oct. 17th, 1894.

Mr. George S. Josselyn,

Dear Sir:—All the stock that you shipped us this Fall has now arrived; the last lot getting here yesterday and we are very glad to compliment you on its excellent quality. We think, without figuring carefully, you have sent us about 20,000 grape vines this Fall and we have not thrown out a single vine and this is pretty good evidence of your ability to furnish first-class stock and ship it in a satisfactory manner. Other items outside of grapes were also fine and satisfactory in every particular. Yours truly,

Chase Brothers Co.

From T. H. Hoskins, M.D., the leading Horticulturist of Vt.

Newport, Vt., Aug 2nd, 1894.

My Dear Mr. Josselyn:—The more I see of your two great specialties, Fay's Currants and Red Jacket Gooseberry, the more strongly I am struck with their practical value to fruit growers, and I have always taken a sincere and lively pleasure in testifying to their merits. My crop of small fruits was the largest I ever had and the Fay Currants lead, easily selling at two cents per quart over any other variety besides costing one cent less to pick.

Sincerely yours, T. H. Hoskins.

Geo. S. Josselyn, Hartford City, Ind , Oct. 26th, 1893.

Dear Sir:—Thanks for your prompt shipment. We have had vines from all sections of the country and will say that the fruit from the vines bought of you and growing side by side with the *same varieties* from others is far superior to the other both in size of berry and quality of fruit. Yours truly, B. F. Mason.

Geo. S. Josselyn, Westport, Ind., Oct. 27th, 1893.

Dear Sir:—Received vines Oct. 26th, and opened them this A.M. Some of my customers have already called and to say they were pleased would be putting it very mild. "Such large vines!" "Such fine roots!" "Never saw anything finer!" and like expressions. It is a pleasure to deliver such stock as you send. The Red Jacket Gooseberry are immense—have sold more than I ordered.

Yours truly, Jno. N. Carder.

Geo. S. Josselyn, Worcester Co., Mass., Oct. 30th, 1893.

Dear Sir:—Last Spring I purchased of you 1000 Fay Currants. I set them out with some misgivings on account of the excess of roots and wrote you that was the only objection or fault I could possibly find with them. Out of the 1000 I have not lost a plant and their growth has been surprising, all have made a splendid showing. Yours truly, J. L. Moore.

Geo. S. Josselyn, Sparta, Wis., April 4th, 1893.

Dear Sir:— Plants received in splendid condition. You must own the R. R's to get them here so quick. Express at once 50 more Red Jackets. Yours, C. E. Toby, Supt.
